

An architectural rendering of a modern building interior. The scene is a bright, open-plan space with a tiled floor. On the left, there are several large potted plants. In the center, a woman is walking towards the camera. In the background, there are tables and chairs, and other people are visible. On the right, a man in a white suit is walking away from the camera. The overall style is clean and minimalist, with large windows and a bright atmosphere.

New homes for Keith Grove

The site

The site

Ground floor plan

Proposed sketch view

Proposed sketch view

Benefits

This London mews will provide six much-needed family-sized homes

Conversion of the Victorian warehouse will provide three contemporary homes

Off-street car parking and bike storage for residents

Opportunities for greening the site to create residential amenity areas

High quality streetscape and reduced commercial vehicle movement

Proposed use is more compatible with the local area

Thank you
